*Physically injured dogs are not covered by TRDoodles' health guarantee.

*This health guarantee does not cover Parvovirus.

*TRDoodles health guarantee does not cover commonly contracted parasites that are frequently found in puppies.

*This agreement is between TRDoodles and the buyer and cannot be transferred to a third party if the puppy/dog is sold or given away.

*The buyer is required to have their puppy examined by a certified veterinarian within 72 hours of receiving their puppy at the buyer's expense. If the vet finds any pre-existing serious life threatening problem, the buyer must contact TRDoodles immediately to discuss return options for the buyer. Once the puppy has cleared the vet examine or the 72 hour time period has passed, it is understood that the breeder has provided a healthy puppy.

*All shipping and vet costs are at the buyer's expense.

*It is the responsibility of the buyer to maintain the proper overall health of this puppy through vaccinations, heartworm medication, parasite prevention and/or treatment, and ongoing maintenance in order to remain under guarantee. *In order for the health guarantee to be enforced, a licensed veterinarian must state that the pet has not become overweight nor underweight. Your pet's weight must be at what is considered a healthy weight for his/her body size, by a licensed veterinarian. In order to maintain excellent weight and overall health we highly recommend that you continue your puppy on the same food & nutrition supplements that we have them on here at TRDoodles, as we have researched this very thoroughly.

*This puppy is sold as a pet/companion only and will not be used for breeding purposes unless previously arranged with TRDoodles. Buyer agrees to spay or neuter the dog by 6 months to keep the guarantee in force. Failure to do so will nullify the health guarantee.
